

The 2018 Renaissance Chorus Association eNEWSLETTER:

In 2018 RenChorNY collaborated with many Uptown Manhattan cultural groups in an outdoor Inwood City Park with a superb stage, enticing to musicians and dancers.

A condensation of Monteverdi Orfeo act 2, 'modernizing' the story of the death of Euridice as from a snake to a drug OD, as was an actual case in the neighborhood, was made by Suzanne Lorge, the Messenger in our 2015 Orfeo. We helped with the networking and logistics.

Our singers were joined by Chris Whitaker's group and great dancers.

The HG Premieres Performance is the peak performance for the Higher Ground Festival. HG proudly presents 7 premiering collaborations for 2018. The collaborations are a beautiful product of our 2-month long HG Artist Meet & Greet series which connects neighborhood artists of all art disciplines in hopes of creating new professional relationships and building the uptown art community. This year's HG Premieres Performance included dance, opera, spoken word, physical theater, live music, fashion and drama. As always, HG is free to our community and curated to be family friendly.
